# NYSPFP Fall and Injury Prevention Initiative

---

- Goal: To reduce Falls and Injury by 20%
- Approach: Support Hospitals' Reduction Efforts
  - Unit-based Safety
  - Application of NYSPFP Guiding Principles:
    - Innovate, Engage, Integrate, Hardwire
  - Best Practices Tools & Resources
  - Build Upon Hospital Existing Efforts

## Questions: December 12 Fall Webinar

---

- How can I prevent falls related to chairs?
- Would you recommend no bed/chair alarms in acute care?
- What types of interventions do you recommend for those at risk of injury with uncarpeted floors in the hospital?
- Any strategies for discharge planning preparation for home care? Modifying a patient's home environment as well as compliance is challenging.

## Next Steps
